ACCELERATING SUCCESS THROUGH STRATEGIC INNOVATION

**Public Transportation:**

Traffic in central Boston can be painfully slow, street layouts are confusing, and parking is expensive. Product Genesis encourages the use of public transportation options whenever possible. Product Genesis' offices are conveniently located near all of the Boston MBTA (the "T") subway lines, and are less than a five (5) minute walk from the following central transfer stations:

- Downtown Crossing:** (Red, Orange and Silver Lines – Washington Street)
- State:** (Orange and Blue Lines – Logan Airport Service)
- Park Street:** (Red and Green Lines)
- Government Center:** (Green and Blue Lines – Logan Airport Service)

Many stations have multiple exits. Consult the local area map in the station, or use a mapping program like Google Maps for walking directions from the station you select.

**Amtrak (Downeaster) and Commuter Rail from the North:**

Trains come into North Station. Take the Orange Line (Direction Forest Hills) to State, then as above.

**Amtrak (Acela Express, Northeast Corridor Service and Commuter Rail from the South and West):**

Trains come into South Station. Take the Red Line (Direction Alewife) to Downtown Crossing, then as above.
